## Home Learning

Dear Parents,

We are writing in light of yesterday's announcement that Netley Abbey Junior School will be closing to the majority of pupils at 3.20pm on Friday 20<sup>th</sup> March.

As we shared with you earlier this week, the children working from home will be able to access activities via Seesaw, our online learning platform. Below is a link for parents, which provides a 'how to' video for using this site/app.

Each morning, your child's class teacher will set activities to be completed during the day with a description of the work that will need to be uploaded. There will be a number of daily activities for your child to work through at home, however they are not compulsory. We are aware that for most children, remote working will be very difficult, however teachers will be marking each child's work online daily to give feedback and praise.

If you experience difficulties when logging in, we have a dedicated email address for support  
[seesaw@netleyabbey-jun.hants.sch.uk](mailto:seesaw@netleyabbey-jun.hants.sch.uk)

Once you have logged in, please use the help section for troubleshooting and then contact your child's class teacher through Seesaw for individual problems. Please be mindful that this is a new way of working for all and initially we will have high volume of emails to respond to. For those who do not have access to the internet, please contact your child's class teacher before closure.

These are truly unprecedented times and we join you in feeling uncertainty in the weeks and months to come. We will however continue following our school vision of always 'being the best you can be' and encouraging our parents, staff and pupils to do the same. I believe keep calm and carry on is the mantra!

Please continue keeping yourself and your families safe first and foremost,

Yours sincerely

Mrs Shirley Nicholas-Bond
