Dear Parents,

PHOTOGRAPHS OF CHILDREN IN SCHOOL

At our recent Internet Safety evening, the Police Officer explained the importance of children not posting photographs of one another online. This is a criminal offence and is the reason why we do not allow children to have their mobile phones at events, during or after school.

Please help us to enforce this, to ensure the safety of all of the children in school. We would like to confirm that:-

- No child or parent has permission to take photographs within the school grounds of themselves or any other child for online use.
- For child protection reasons, we would like to remind you of this important safeguarding rule for example at any performances, sports days or any school event. This also applies if videos are taken during performances.
- Photographs and videos can be taken of your own child at performances for your own personal use only, as long as they are not placed online in any way.

Thank you for your cooperation with this; the children's safety is always paramount to our work in school.

Yours sincerely

Mrs R Earle

Director of Teacher & Learning
