10th September 2020

Dear Parents,

Re: Weekly Homework

I am writing to let you know that this year we will be setting children's weekly homework via Seesaw, with your child's first activities being set next Friday 18th September. Homework will always be posted on a Friday and should be completed by the following Wednesday. Your child will receive a range of Maths and English tasks, depending on the year group they are in.

All children will be provided with login cards with details of how to log into their new class, before next Friday. Most children will have the opportunity to practise logging in during their computing sessions next week, so they know where to find their tasks!

When your child logs into Seesaw, they will be a part of two 'classes': in one class, they will share their class work throughout the year, for others to view and comment on; they will then be part of a separate 'homework' class, where homework tasks will be posted for children to respond to. Having two separate classes will mean that children's homework responses are not visible to anyone else, other than their class teacher.

If your child is unable to access Seesaw at home, please inform your child's class teacher so that paper copies of homework can be sent home.

Yours sincerely,

Miss G Whittlesea
